POROČILO O IZPELJAVI MULTIPLIKACIJSKEGA DOGODKA/ MULTIPLIER EVENT REPORT LJUBLJANA, SLOVENIJA

"The European Commission and Croatian National Agency support for the production of this publication does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein."

Project name: Innovation in dressing techniques

Project number: 2018-1-HR01-KA202-047488

Project web site: <https://idtwound.com/sl/>

Document title: Multiplier event report Ljubljana 4th March 2020

Event title: Projektno delo in povezovanje za poučevanje oskrbe kroničnih ran/Project work and cooperation in teaching chronic wounds care

Date: 2.4.2020

Prepared by: Lucija Matič and Mojca Kotnik, SZŠL, Slovenija

Organizing committee: Lucija Matič, Tatjana Hrovat Ahac, Mojc Kotnik, Martina Škrabec, Tatjana Koritnik, Silva Kastelic

Number of active participants: 37

Number of passive participants: 37 employed and 70 students

TABLE OF CONTENTS

1 Introduction

The purpose of the event is to present the Innovation in dressing techniques project and Chronic wound care Manual to the professionals from health care and nursing education. Aim was implementation of Manual in nursing education and practice.

2 Multiplier event content

Multiplier event was held as part of international conference. It was held in two sections in which first the project and its value was presented and in second Manual and its content as result of that cooperation was presented. We had international presenters from Croatia and form Turkey. Turkey presenters were giving their report by teleconference.

Practical workshop on Manual was conducted for the purpose of participants empowerment to access to the printed and electronic published Manual versions, to explore its contents and to give feedback to organizing committee.

3 Evaluation of the event

Co-funded by the
Erasmus+ Programme
of the European Union

**Seniorencentrum
St. Marien**

In the time of event the Corona virus spread was active in Slovenia. That is probably one the reason, why the number of participants was not as high as we wished.

Evaluation was conducted by questionnaire, that participants were asked to fill and give it on the site of the event. Questionnaires was analysed and results are presented.

6 Appendix

- A Event invitation
- B Agenda
- C Survey questionnaire for participants
- D Certificates of attendance

PRESENT AT THE MEETING:

The organising committee.

Participants:

- Nurses from clinical and social institutions (Senior home, institution for disabled children)
- Teachers from secondary nursing schools
- Representatives of the public institutions (Zavod RS za šolstvo)
- Employers from the economic sector
- Students
- Young, unemployed people
- Foreign representatives (Croatia).

1 Introduction

Multiplier event of the project Innovation in dressing techniques was hosted by Secondary school of nursing Ljubljana on the 4th of March 2020.

The goal of the event was to:

- 1.) present the Innovation in dressing techniques project and Chronic wound care Manual to the professionals from health care and nursing education. Aim was implementation of Manual in nursing education and practice.
- 2.) gain feedback on the usefulness of Manual for education and work.

A welcome to the participants was given by mag Silva Kastelic, principal. A cultural program was performed by student Dejan Kostić.

Co-funded by the Erasmus+ Programme of the European Union

Seniorencentrum St. Marien

2 Multiplier event content

All presentations were performed as plan, except Suzana's Ribarić, who was absent for objective reasons. We have had 37 active participants, who held 19 reports and presented their work on projects and wound care. Two of the sections were held as ME, in which first the project and its value was presented and in second Manual and its content as result of that cooperation was presented. We had international presenters from Croatia and from Turkey. Turkey presenters were giving their report by teleconference. Participants were presented to the printed and electronical versions of the Manual and were asked to explore the content and give some feedback on site and on evaluation form. They were also encouraged to give feedback after the meeting. The electronical version of the Manual is "live" web source. All the suggestions are to be evaluated and implemented in Manual, if it would bring the enrichment of the content or following professional development in wound care.

17.15-17.30 Mednarodno timsko delo pri kreiranju priročnika Oskrba kroničnih ran in njegova uporabnost v praksi, Lucija Matič, MSc (Sweden), dipl.m.s.

Diskusija/Discussion

The first presentation was not held, because of objective reasons. Two presentations were held as telepresentation. [Presentations \(link\)](#) are available.

3 Evaluation of the event

In the time of event the Corona virus spread was active in Slovenia. It was held in the time, when Slovenian health care institutions already cancelled their public events and when they were preparing for epidemic. Epidemic was declared 12.3.2020 and public activities were stopped 16.3.2020. That is probably one the reason, why the number of participants was not as high as we wished.

Evaluation was conducted by questionnaire, that participants were asked to fill and give it on the site of the event. Questionnaires was analysed and results are in separated report. We have 34 answers from participants (students were not asked to give us written evaluation).

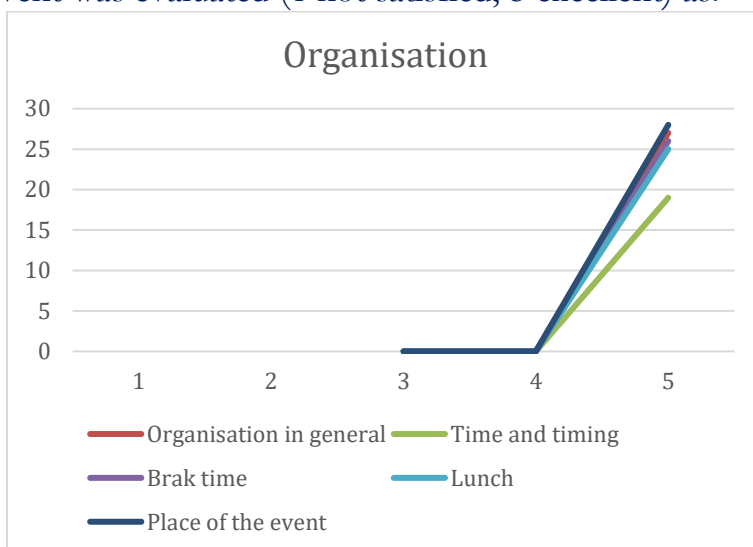

Co-funded by the Erasmus+ Programme of the European Union

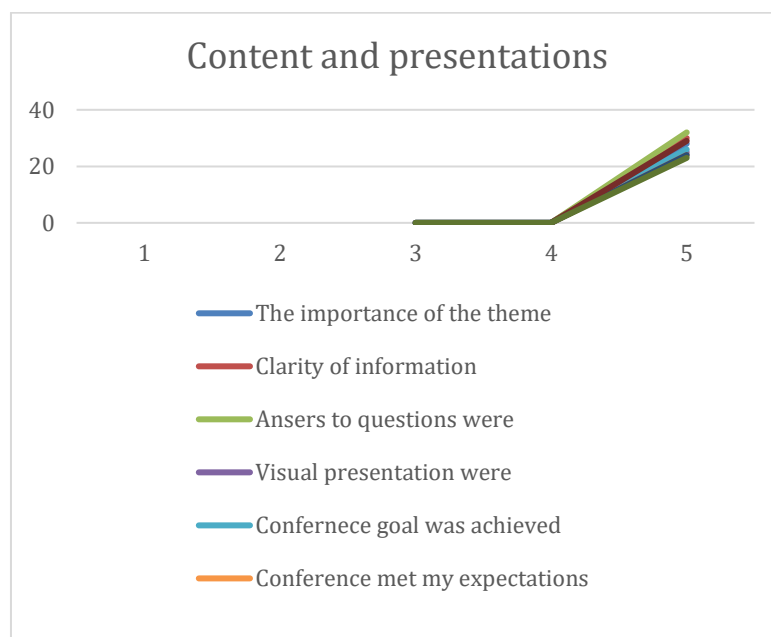

Seniorenzentrum St. Marien

Organization of the event was evaluated (1 not satisfied, 5 excellent) as:

Content and presentations were evaluated (1 not satisfied, 5 excellent) as:

**Seniorenzentrum
St. Marien**

We got only three additional opinions, that praised the event and one that suggested more video of wound care.

5 Appendix

A and B Event invitation and Agenda

**Srednja zdravstvena šola Ljubljana vabi na mednarodno konferenco
PROJEKTO DELO IN POVEZOVANJE ZA POUČEVANJE OSKRBE
KRONIČNIH RAN**
za zaključek Erasmus +, KA2 projekta Innovation in dressing techniques,
ki bo v sredo 4.3.2020 na Srednji zdravstveni šoli Ljubljana, Poljanska 61, Ljubljana.

Sporočilo:
Ujladno vas vabimo na mednarodno konferenco Projektno delo in povezovanje za poučevanje oskrbe kroničnih ran, kjer bomo predstavili potek in rezultate Erasmus +, KA2 projekta strateškega partnerstva "Innovation in dressing techniques". Povodnik konferenca bo na predstavitvi praksi oskrbe kroničnih ran v partnerskih državah: Hrvaški, Sloveniji, Nemčiji in Turčiji in na izmenih predstavitvi o oskrbi kronične rane.

Kratek opis projekta: Projekt "Innovation of dressing techniques" je projekt strateškega partnerstva znotraj Erasmus+, KA2 programa. V projektu sodelujejo 4 države. Glavna koordinatorica projekta je Srednja šola za medicinske sestre Vrapče, Ljubljana, ostali sodelujoči pa so: Srednja zdravstvena šola Ljubljana, Slovenija; Senioren Zentrum St.Marien, Nemčija in Gümüşhacıköy Meslek ve Teknik Anadolu Lisesi, Turčija. V okviru projekta so bila organizirana 4 mednarodna srečanja s predstavitvami oskrbe rane v gostujočih državah in izmenjava dijakov iz Hrvaške in Slovenije v Turčijo.

Glavni cilji projekta: razvijanje, testiranje in implementacija inovativnih pristopov in praksi za praktično oskrbo in organizacijo s področja poklicnega izobrazovanja in usposabljanja in izmenjave partnerstva med izobrazovalnimi organizacijami in izmenjave dela.

Lidertecni bodo v programu srečanja poleg predstavitve zornih omenjenih vsebin, pridobili tudi vpogled v različne oblike prostorskega dela in povezovanja, v katero je vključena Srednja zdravstvena šola Ljubljana ter razumeli o možnostih poglavitne rezultate sodelovanja med kliničnim in izobrazovalnim okoljem. Sodelovanje lahko poteka o vsebini. Srečanja je v postopku predstavitve licenčnih točk na zbornico Zivoti.

Za več informacij o srečanju prosimo kontaktirate Lucijo Matična e naslov: lucijam@yahoo.com.
Prijava pošljite Tatjani Koritnik na e naslov: tatjana.koritnik@guest.arnes.si najkasneje do 23.2.2020.
