# MULTIPLIER EVENT

ZAGREB, 25<sup>th</sup> February 2020

HOTEL PALACE

Erasmus+

2018-1-HR01-KA202-047488

## PRESENT AT THE EVENT

The event was led by (Project Team): Ira Beck, Danica Hudin, Latinka Križnik, Marinela Labaš, Nikolina Matić, Suzana Ribarić, Slavica Vučen i Ankica Vukelić

Participants:

- Principals of medical schools
- Directors of health care facilities
- Vocational teachers in medical schools
- Students of medical schools
- Assistant directors and chief nurses of healthcare facilities
- Medical staff from teaching bases
- Representatives from MZO, ASOO, AMPEU, Education DG, HUMS, HZZO and pharmaceutical companies
- Representatives of adult education institutions
- Project collaborators from the health profession
- Members of chronic wound associations

All participants were provide with a folder containing event information, an evaluation questionnaire, a printed English language manual, and promotional materials.

Erasmus+

2018-1-HR01-KA202-047488

## 1 INTRODUCTION

Multiplier events were created for a purpose of disseminate information about Manual and activity from different phases of the project and to engage wider stakeholders. Participants were from institutions from the region.

Event objectives:

- Presentation of the Manual for the Contemporary Management of Chronic Wounds
- A current approach to the treatment of chronic wounds
- Introduce guests to project activities and its impact
- Evaluation and exchange of views for the purpose of feedback on the usefulness of Project results

Greetings to the participants were send by Latinka Križnik. She introduced them to the Project, its goals and strategic partners in the project. She also highlighted the large number of associate partners from the local communities that contributed to the quality of the project.

Main purpose of the event was to present intellectual output and the activities carried out on the project. On the second hand purpose was to present a modern approach in the treatment, nursing and dressing of chronic wounds through educational lectures by experts whose areas are chronic wounds to participants, especially young people to motivate them to use different sources of knowledge through education and daily work.

Erasmus+

2018-1-HR01-KA202-047488

## 2 PROJECT CYCLES

### Implementation, evaluation and dissemination

- Ira Beck and Marinela Labaš were present planning, preparation, evaluation, dissemination and report activities.
- Through the presentation the main starting points, purpose and objectives of the Project were presented

### Overview of transnational meetings held

- What and how we worked during TM was presented by Ira Beck, Marinela Labas and Ankica Vukelic
- Short video from 1<sup>st</sup> TM was shown (click on the [link](#) to see the video)

### 3 CONTEMPORARY TREATMENT OF CHRONIC WOUNDS

## Approach and treatment of chronic wounds from practice

- Presentation on the contemporary treatment of chronic wounds supported by examples from everyday practice was given by Dr. Ana Jović, a specialist in vascular surgery from Clinical hospital Sveti Duh, Zagreb.
- Atypical wounds, especially bullous epidermolysis, their treatment and life with this type of chronic wounds, were spoken by Vlasta Zmazek, President of DEBRA, Association of Bullous Epidermolysis.
- One of the innovative approaches in chronic wound therapy is the HBOT hyperbaric chamber. The Director of the OXY Clinic, Dr. Dejan Andric, a specialist in marine medicine, spoke about the uses and effects of HBOT.

#### 4 PRESENTATION OF THE INTERACTIVE E-MANUAL

##### Expert evaluation of the Manual and instructions for use

- An interactive e-guide on the modern treatment of chronic wounds was presented by Suzana Ribarić. Throughout the presentation she gave an expert view and instructions on how to use the Manual.
- The expert evaluation and applicability of the e-Manual was explained by the reviewer Rosana Čišić Svetić

##### Users about the manual

- During the methodical design of the Handbook, students of the fifth grade of our school Borna Barbarić, Matej Bodalec, Helena Kalaica, Izidora Sokolović, Fran Tandarić and five students of the Ljubljana Secondary School used it for the preparation of LTTA (Learning, teaching, training activities) mobility. Borna, Matej, Helena, Izidora and Fran presented their contribution to the Project, the development of the manual and activities during LTTA mobility. The students emphasized that such activities enable them to acquire new knowledge and skills through their own initiative and through their own experiences.

#### Participants' opinions and ratings:

- everyone was very pleased with the event
- everyone was very pleased with the event organization, program / content, venue and event time
- the event met their expectations
- most replied that they would use the experience of this event in their work
- everyone replied that they would share the experience of this event with colleagues
- everyone fully agrees that such projects contribute to improving vocational education
- participants emphasized the importance of transferring new insights from practice to education
- we were told that they had received valuable information

Each presentation was followed by an open discussion and answers to the participants' questions.

## 7 CONCLUSION

Participants' reviews can be summarized as follows:

- the project added value to school, employers and the local community cooperation between educational institutions, health care institutions and the sciences were expanded
- results contribute to the improvement of vocational education
- involving different partners with the same goals which contributes to the quality of the results
- projects like this can trigger changes in the education politics
- we are provided with experiences that we can apply in our work
- events like this are a source of new valuable information
- we have been to different events but this one has exceeded my expectations
